New Atlanta Restaurants Open On Schedule

Posted by [foodiebuddha](#) on February 03, 2009

So far, the [February Dirty List](#) has been pretty accurate. I am not sure yet if I'm batting 100, but I think I am. [Miso Izakaya](#) (internal) opened last night; I'm trying to get down there for dinner tonight...but it may have to wait until later in the week. [Kozmo Gastro Pub](#) (internal) is open and so is [Figo North Point](#) (internal). Check out the dirty list some more. I really need to get the rest of the spots for February posted. March will be online soon. ★
